
CURRICULUM VITAE

PERSONAL DETAILS

Full Name: Gracious Kamunga
Address: Kasemba CCAP Church, P.O Box 1492
Phone: 0886 935 105 / 0993 215 578
Email: graciouskamunga778@gmail.com
Date of Birth: 4 July 2001
Nationality: Malawian
Gender: Male

CAREER ASPIRATION / OBJECTIVE

I am a passionate and results-driven Computing graduate with an Advanced Diploma in Computing obtained from the National College of Information Technology (NACIT). I possess strong technical knowledge and hands-on skills in software development, ICT infrastructure support, system administration, and network management.

Proficient in C#, Flutter, PHP, MySQL, HTML, and CSS, I am eager to apply my programming, system management, and problem-solving abilities in a professional environment.

My goal is to contribute to the efficient and secure management of ICT systems while ensuring reliable connectivity, data security, and user satisfaction across the institution.

ACADEMIC QUALIFICATIONS

1. Advanced Diploma in Computing – National College of Information Technology (NACIT), 2025
 2. Diploma in Computing – National College of Information Technology (NACIT), 2024
 3. Malawi School Certificate of Education – Chipasula Secondary School, 2019
-

RELEVANT TECHNICAL EXPERTISE

- System Administration: Familiar with Windows and Linux server environments; setup and configuration of domain controllers, local servers, and basic web hosting.
 - Network Administration: LAN/WAN configuration, router and switch setup, firewall basics, and campus-wide connectivity management.
 - Database Management: MySQL database creation, maintenance, and backup procedures.
 - Client Computer Maintenance: Installation, configuration, antivirus deployment, health checks, and user support for desktops/laptops.
 - Cloud & Collaboration Tools: Competent in using G-Suite (email, calendar, Google Drive) and MS Office for productivity and administration.
 - Web & Application Support: Web hosting, website maintenance, and assisting with PHP/MySQL systems.
 - ICT Security: Basic understanding of cybersecurity principles, access control, and data protection.
 - Training & Mentorship: Assisting users with new systems, running short ICT awareness sessions, and guiding peers in lab environments.
-

PRACTICAL EXPERIENCE & PROJECT WORK

- Configured small LAN networks, routers, and switches for lab and project use.
 - Installed and maintained Windows Server and Linux systems for testing environments.
 - Developed a database-backed student management prototype using PHP and MySQL.
 - Created and deployed local web servers using XAMPP and managed backups.
 - Conducted hardware troubleshooting, software installation, and virus protection setup.
 - Supported peers and instructors by preparing lab PCs and maintaining internet access.
 - Participated in coursework involving ICT system documentation and user training materials.
-

TECHNICAL SKILLS

- Programming Languages: C#, PHP, Dart (Flutter), JavaScript
 - Web Technologies: HTML, CSS, Bootstrap
 - Database Management: MySQL
 - Software Development: Web & mobile app development, API integration
 - ICT Support: Computer hardware troubleshooting, system installation, and maintenance
 - Networking: LAN configuration, router setup, and network diagnostics
 - Tools & Frameworks: Visual Studio, XAMPP, VS Code, Git
-

ESSENTIAL PERSONAL SKILLS

- Communication Skills: Excellent listening, verbal, and written communication skills; able to explain technical concepts clearly.
 - Computer Literacy: Proficient in Microsoft Office applications (Word, Excel, PowerPoint), Internet use, and Desktop Publishing.
 - Flexibility: Quick learner who easily adapts to new technologies and environments.
 - Interpersonal Abilities: Strong relationship builder with teamwork and problem-solving abilities.
 - Planning & Organizing: Skilled in designing, planning, and implementing projects within deadlines; detail-oriented and results-driven.
 - Conflict Resolution / Negotiation: Capable of handling challenges calmly and finding constructive solutions using logical reasoning.
-

INTERESTS

Reading, writing, organizing events, watching and playing basketball, and swimming.
